PLEDGE CARD: Help them learn and grow!

Welcome to Hillsborough Community College Kids' and Teen College Camps

Dear Campers, Parents/Guardians, Alumni and Friends:

Thank you for considering HCC Kids' College for your child's summer camp experience! Our camps bring children and teens opportunities to experience quality programs, learn new skills, make meaningful friendships, and rediscover themselves outside of their usual routines. We create a safe, interesting environment that instills confidence and creates wonderful memories.

Here at HCC, we strive for excellence because we know that a positive camp experience can be life-changing. We have the pleasure of working with dedicated, professional staff members who are enthusiastic about making camp exciting and educational. Our philosophy is simple: to provide your child with engaging activities that challenge them intellectually, physically and creatively.

You may have a lot of camp options in the area, but we believe Kids' College offers a unique balance of learning and fun that keeps our campers growing during the summer.

Please take the time to explore our summer catalog and feel free to connect with us so that we can better serve you.

Ronkel Williams
Business & Community Development Officer

Damon Chepren
**Kids' College Camp Coordinator**

table of contents

DJ Mix-and-Move

So you want to be a DJ? This camp helps you build DJ skills such as blending, mixing, looping, beat-counting, and scratching. You'll also learn moves from a variety of dance styles. Campers choreograph a creative performance. putting DJ and dance skills to work, to shocase on the final day of camp.

FREE! A nutritious lunch is available at select locations!

Extreme Makeover Kids' Edition

Give your personal space a virtual makeover! Discover the elements of interior design and learn tricks the pros use to turn a plain room into an awesome expression of yourself. Campers create mood boards, floor plans and a custom keepsake as they reinvent their bedrooms.

Healthy Kids - NEW

This health and wellness camp is all about turning kids on to healthy habits that can last a lifetime! Campers get active with games and activities that build confidence and self-esteem.
Lessons include topics such as healthy eating, illness prevention, stress management, first aid and rescue techniques, and Kidding Around Yoga™. Who knew being healthy could be so much fun?

Police and Firefighting

Do you have what it takes to serve and protect? Get up close and personal at the police officer and firefighter training academy. Campers perform speed checks with a radar, shoot a fire hose, serve on a jury and try tons of other great hands-on activities just like the heroes do.

Checkmate

Give kids a break from the video-game habit. Campers learn how to set up a chess board; memorize the basic concepts and principles of the opening, middle and end game; how the pieces move; and basic tactics.

Sign Language Start-Up

Learn the basics of American Sign Language through fun activities and games. Campers will develop foundations in numbers, the alphabet, and many useful words and phrases. They'll be eager to learn more!

Super Sleuth CSI?

Delve into the world of forensic investigation as you learn what real Crime Scene Investigators do to help solve crimes. Collect and study the evidence of "blood splatters," latent prints and more!

S.T.E.M.

Calling all kids who love to build, inquire and get messy! Join us for an exciting week of Science, Technology, Engineering, and Math. Learn about chemistry, physics and nature through amazing experiments; then test your own hypothesis through the scientific method. Try your hands at circuitry, leverage and mechanical advantage.

Money Matters - NEW

Help your kids take money matters into their own hands. This hands-on, interactive program teaches campers to make smart money choices and start a business. They also explore financial concepts such as savings, interest, budgeting, investing, and needs vs. wants.

BLACK ROCKET COMPUTER CAMPS (Grades 3-5)

These innovative camps, tailored for elementary schoolers, pair creativity with technology. Campers work in teams and do not need to own smart phones or tablets to participate. Camper-created projects, games and apps will be available on a password-protected Black Rocket website to share with friends and family. (App store publishing is not included). Returning students may build upon their knowledge to create more advanced projects.

App Attack!

Take the first steps into the world of mobile app design and customize your own game app! Using a specialized app and game development tool, students learn the basics of mobile app design and game development.

Code Breakers

Calling all future coders, programmers and designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Ready to be the next Mark Zuckerberg?

App Adventures: The Next Level!

Continue your quest to make the next viral app! Students choose from a selection of web-based (HTML5) mobile apps and explore in-depth programming concepts. Participation in the App Attack camp is helpful but not necessary and students do not need to own a smartphone or tablet to take the class.

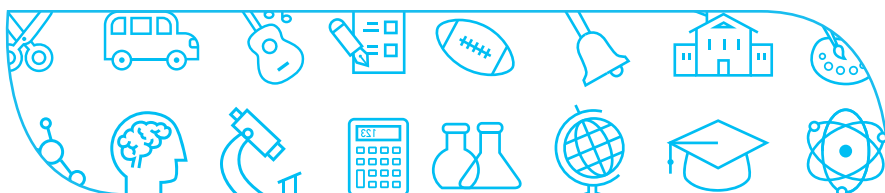

Digital Storytellers

Do you want to rewrite the ending to Star Wars or add yourself to a Divergent tale? Any topic is possible! Start with a concept, design the storyboard, add some dialogue, and watch the characters in your imagination come to life in your first graphic novel.

LEGO Films and Stop Action!

Make your LEGOs come to life! Use your favorite action figures or LEGOs and create a short film with your friends. Whether you want to recreate a scene from Star Wars or design a world of your own, this class brings your dreams to the screen. Students can even bring in their favorite LEGO characters or action figures from home to add to the action.

HILLSBOROUGH COMMUNITY COLLEGE • ICCE KIDS' COLLEGE

Minecraft Modders

Use your favorite game to learn the basics of modding and foundations of programming. Develop skills in scripting and logic statements as you create your first mod! We also teach introductory coding through a simulated environment inspired by Minecraft.

Make Your First Video Game!

Make your first video game in this one-of-a-kind camp that shows you the keys to designing your first 2D platform game. Conceptualization, play experience, challenge levels, graphics, sounds, and simple coding are just some of the concepts that we'll explore. No prior experience necessary is - just a desire to have fun.
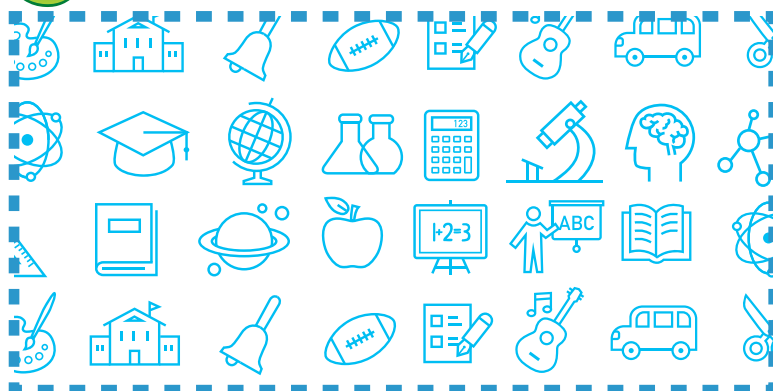

Make Your First 3D Video Game!

Develop a game concept that goes well beyond the limitations of the traditional 2D game design. Campers learn the physics behind 3D games, explore beginner event scripting, level design, controlling flow of gameplay, and storytelling.

D YOU KNOW?

our middle and high school re designed as a gateway to college.

Minecraft Designers

If you love the game Minecraft, but always wanted to design your own characters and buildings for your games, this class is for you! Learn the basics of creating 3D models using a new software to design your very own objects, create skins for characters, and import them into your favorite Minecraft games.

Minecraft Animators - *New*

Bring your favorite Minecraft characters to life in an animated short film! Learn how studios like Pixar and Disney make movies like Inside Out and Frozen by using techniques like keyframing, tweening, texturing, and animating rigged 3D models!

Project Runway - *Now 2 weeks!*

Immerse yourself in the glitz and glam of fashion design! From sewing to embellishments, experience the fabulous life of a fashionista during this two-week adventure. Campers learn all they need to turn fabulous ideas into one-of-a-kind creations.

Take the Stage - *Now 2 weeks!*

Places everyone! Take center stage and engage in the wonders of live theatre performance. This energetic camp shows what it takes to become a stage actor through a series of high-energy drama games, improvisation and scripted dialogue that YOU help write!

Green Thumbs (Grades 3-5)

Roll up your sleeves and dig into the world of plants! This camp is designed to connect kids with the earth and help them embrace the source of their food beyond the grocery store. We incorporate concepts of botany, horticulture, and global plant systems as campers start container herb and vegetable gardens for home.

Game Design with Scratch™ (Grades 3-5) - NEW

The perfect camp for aspiring coders. Participants learn to program computers by creating their own video games! Kids build their games in Scratch. They work with sprites and blocks to set a foundation of computational thinking an essential skill in today's tech-driven world. No prior computer programming experience is needed.

HILLSBOROUGH COMMUNITY COLLEGE • ICCE KIDS' COLLEGE

DID YOU KNOW? Due to popular demand, 'Project Runway' and 'Take the Stage' now run for two weeks at a time.

Broadcasting Boot Camp

Lights, camera... action! Learn to be the next radio or TV star with hands-on broadcasting experience in HCC's state-of-the-art professional radio and TV studios. Campers train in front of and behind the microphone and camera.

Digital Expression

Dive into the world of digital art in this introduction to digital photography and Photoshop. Discover the tricks to taking a good photograph, then learn graphic design basics to make fun and creative digital photo manipulations.

Fast and Furious Keyboarding

How fast can you go? Keyboarding becomes so much more enjoyable and effortless when your hands know where the keys are and you can keep your eyes on the screen! Learn touch typing, keyboard shortcuts and special characters through interactive lessons and skill-based games.

DID YOU KNOW?

Kids' College now offers year-round "gap" camps scheduled during school breaks and holidays.

Young Architects

Architecture is about making ideas come to life! Imagine, draw and model your ideas with guidance from an architectural designer. Learn about the art and science of architecture and understand the concepts of structure, flow, functionality and aesthetics.

SCAN FOR COURSE DATES, TIMES, AND REGISTRATION AT **TAMPATRAINING.COM**

Healthcare Science

Get hands-on experience using state-of-the-art equipment in a real laboratory setting from HCC's leading faculty. Participants train in hands-only CPR and even receive a take-home CPR kit complete with practice mannequin. Explore careers in respiratory therapy, radiation therapy, dental assisting, radiography, opticianry, nursing, EMS and diagnostic sonography.
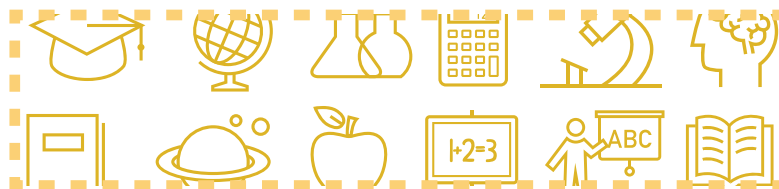

Junior Veterinarian

What does it take to be a veterinarian? Learn about how to take care of animals to ensure health and happiness. Campers explore the requirements of housing, handling, feeding, disease prevention and treatment, surgery, exercise and grooming.

Explorers Travel Camp

Travel to a different central Florida destination each day with our experienced enviironmental teachers and adventure guides and explore what the sunshine state has to offer. Each trip focuses on a different ecosystem and includes hands-on learning and outdoor fun. Students explore, touch, taste and immerse themselves in nature at each location. Activities include hiking, netting, kayaking, cave spelunking and learning about local history and marine studies.

Conversational Sign Language

This camp introduces the basics of American Sign Language (ASL) and is designed for students who have little or no previous knowledge of ASL. Develop basic ASL conversational skills as you learn questions, commands and simple sentences.

Junior Entrepreneurs – Idea Launch

This action-oriented camp takes participants on a journey from idea creation to idea validations to idea pitching! Camp participants engage in entrepreneurship and innovation by tapping into their passions, curiosity, engagement, visions and dreams.

SUMMER SCIENCE ACADEMY

We are excited to offer this leading quality program, specifically designed for middle-schoolers who are serious about science. Campers learn from a scientific perspective through a curriculum developed and taught by HCC's top science faculty. This is not your typical play camp, but rather real science performed in a college laboratory setting! Students participate in hands-on activities both in the lab and outdoors on campus. The curriculum is designed to correlate with Florida Common Core standards and to encourage interest in science and other STEM careers.

Each week of camp focuses on a different area of scientific study.

We offer extended hours in the morning and afternoon to accommodate working parents.

Summer Science – Biology

Investigate biological concepts of ecology, conservation, biodiversity, marine biology, cellular function, and catalase activity through, exploration, microscope study, labs, projects, guest speakers, and a field trip to a coastal estuary.

Summer Science – Chemistry

Explore chemistry through models, experiments, demonstration and hands-on activities. Topics will include dimensional analysis, molecular structure, chemical and physical properties, polymers, and redox reactions.

Summer Science - Physics

Learn about the properties of physics, including motion, force, conservation of energy, sound, electricity and light through engaging interactive experiments and exciting models. Campers even build their own telescopes and Rube Goldberg machines!

Automotive Technology

Are you crazy about cars? Put your interest into overdrive at the HCC Workforce Training Center, where you can learn about vehicle maintenance, diagnostics, service, and collision repair in this fully modern training facility.

Teen Entrepreneurs – Idea Launch

This action-oriented camp takes participants on a journey from idea creation to idea validation to idea pitching! Campers engage in entrepreneurship and innovation by tapping into their passions, curiosity, engagement, visions, and dreams.

Our camps are recognized for their quality and diversity.

Teen Empowerment and Life Prep

Join us for Teen Empowerment Week, where we'll learn about things like money matters, relationship building, interpersonal communication, study skills and becoming career-ready, while having lots of fun. Workshops are led by experts in each area who will direct interactive, participative sessions that will stir the enthusiasm, curiosity and motivation in each and every teen!

Veterinary Science Careers

Are you interested in a career in veterinary medicine? Learn about veterinary exams, animal illnesses, infectious diseases and how they are spread, reading radiographs, spay/neuter bandaging, and more in this exciting and educational camp!

Adventure Travel Camp - NEW Destinations!

This program is designed to encourage teens to learn about our beautiful wildlife, develop a lifelong habit of outdoor activity and foster a passion for the natural world. We learn and practice the principals of Leave-no-Trace while getting our hands dirty and our feet wet and developing in skills necessary for outdoor adventure. Activities include hiking, fossil hunting, kayaking, cave spelunking, learning about local history, and marine research.

Careers in Criminal Justice

Explore the many different careers available in criminal justice, including forensic psychology, law enforcement, victim advocacy, crime scene technology and others. Visit Florida Department of Law Enforcement as they run ballistic testing and meet with personnel from Zephyrhills Prison. Learn the qualifications and standards required for each of these challenging fields.

us at
ccfl.edu

Keyboarding/Typing for Fun and Future

Are you still using the two-finger, hunt-and-peck method? Join this intensive training on typing and keyboarding. Few skills are more important in today's world for recreation, career and social networking. Students learn and practice touch-typing, keyboard shortcuts and special characters through interactive lessons and skill-based games.

Be sure to register early, as classes fill up quickly!

Broadcasting Careers

Ever wonder if you have what it takes to pursue TV or radio broadcasting career?Learn from HCC's leading faculty in our state-of-the-art professional Hawk TV Studios in Ybor City. Experience the various jobs in broadcast and learn what steps to take to pursue this career. Receive studio training both in front of and behind the microphone and camera.

WHAT DID PARENTS HAVE TO SAY?

"(The instructors) were totally great! A great example of how to behave when in responsible charge of children in a program. Kudos of all of them. Keepers!"
-Parent (Young Architects)

"The whole experience was great! I can't think of any (improvements). My son was ecstatic every day he came home from Kids' College." – **Parent (Minecraft Modders)**

"Great staff. I feel comfortable and safe; Thanks!"
–Parent (S.T.E.A.M.)

*"I have been looking for a program like this for my daughter for a long time but anything else we found was just "fluff". The quality and the amount she has learned here is incredible. We will definitely be back and we can't wait to see what else you will be offering. This program is truly unlike anything else out there." -***Parent (Healthcare)**

"We will definitely be back and I'm recommending this camp to everyone."
– Parent (Project Runway)

"Staff are wonderful!" **– Parent (Chess)**

"Great instructors & kids had a great time. The play was fun and entertaining."
– Parent (Take the Stage)

What should my child wear?

We suggest comfortable play clothes and closed-toe shoes. We will provide a T-shirt for each camper on the first day of camp. Additional shirts are available for purchase at $10.00 each. Some of our camps, such as athletic and travel camps, may have specific clothing requirements.

Camp Information

Camp hours are 9 a.m. to 4 p.m.

Full day camps start at $160 per week. Half day camps are only available for Black Rocket computer camps.

Early morning (7:30 a.m.) drop-off fee is $20. Late afternoon (5:30 p.m.) pick-up fee is $20.

There will be no camps scheduled on Memorial Day or Independance Day.

How to Register

- Online at:**tampatraining.com/kids-college** using a major credit card.
- Walk-in at the HCC Corporate Training Center: 39 Columbia Drive Tampa, FL 33606.
- By mail with check or money order: Institute of Corporate and Continuing Education, 39 Columbia Drive, Tampa, FL 33606.

The Administrative office hours are Monday - Friday, 8 am to 4:30 pm, excluding recognized holidays. Forms should be turned in at least one week prior to your child beginning camp.

Discounts

We offer a 15 percent discount for registrations of eight or more weeks. There is also a discount for HCC employees, multi-sibling and veteran* registrations.

*Veteran registrations are accepted in person only.

Refunds

If you find it necessary to cancel your registration, call the Institute for Corporate and Continuing Education office immediately at (813) 259-6010. Notify us first by phone and then follow up your cancellation by written notification using U.S. Mail, fax, email (icce@hcfl.edu) or hand-delivery letter. Written notice must be received two days prior to the program start date to be eligible for a refund. A $25 cancellation fee will apply. Refunds will not be issued after the start of any program. We reserve the right to cancel activities that do not meet minimum enrollment levels or for other good cause. Any activities that we choose to cancel will be fully refunded.

Important to Note:

Campers should be picked up at designated areas only. Children will only be allowed to leave with authorized persons. A picture ID will be required for checking out children. Early departures can usually be accommodated, provided advance notice is given. Please provide written notice to staff at check-in or check-out one day in advance.
