

Empower students with next-gen technology.

Free summer STEM enrichment program for middle school students

Every student deserves access to a better future. That's why we've launched the Verizon Innovative Learning STEM Achievers program—an engaging, hands-on program developed to enrich learning through design thinking, 3D printing, augmented reality, social entrepreneurship and mentorship. This program creates a more diverse pipeline for future careers in science, technology, engineering and math (STEM) fields; no prior knowledge or experience is required.

 The program takes place over the course of one 4-week session.
July 5 - July 29, 2022 from 8:30 AM - 4:30 PM

 Hillsborough Community College
Dale Mabry Campus - DSTU 100

For more information, please contact
Ronkel Williams at rwilliams92@hccfl.edu or 813-259-6010
