HEALTHCARE APPROVED COURSE

Clinical Nursing Assistant (CNA) with HHA and PCA

This course provides students with the knowledge and skills necessary to perform basic care services for a patient (acute care setting) or resident (long-term care setting) or an individual in a home health setting. It prepares students to function in the role of nursing assistant under the supervision of a registered nurse (RN) or licensed practical nurse (LPN). The course includes 84 hours of lecture and skills training with the option to attend 40 hours of clinical experience in a hospital or nursing home ($200 separate fee). Once students complete the CNA program, they will be able to challenge the CNA licensing exam in the state of Florida and immediately work as a Patient Care Attendant (PCA) and/or Home Health Aide (HHA) in any Medicare approved center.
