

Electrical Line Worker Training Program

Sponsored by

PROGRAM INFORMATION

Hillsborough College (HC) and Tampa Electric (TECO) partnered to invest in the Electrical Lineworker Training Program through the HC Foundation and Institute for Corporate and Continuing Education. The Hillsborough College Electrical Lineworker Training Program is a TECO scholarship-based program designed to provide students with the fundamental knowledge and basic skills needed when seeking a career in the electric utility industry as an Apprentice Lineworker. Our training program equips scholarship recipients with the skills and knowledge needed to apply for the TECO Apprentice Lineworker position.

The following certificates will be earned upon program completion:

- OSHA 10-Hour
- CPR & AED
- First Aid

Program Schedule: 15 week program, plus online self study

Program Location: Hillsborough College Brandon Campus

Program Tuition: \$6,500 (TECO scholarships available for those who qualify)

Application Requirements:

- Must have a valid Florida Driver license
- Must be 18 years old or older (By start of the course)
- Must have a high school/GED (By start of course)
